# JEWELS LOST

You are an explorer. This time you must look for the lost jewels. You have 56 provisions with you. At home you have 40 provisions. How many provisions do you have?

100 → North India  
90 → South America  
10 → South Africa

Office

good!

You are walking in a swamp. Suddenly an alligator jumps out of the water, then suddenly 3 pygmies start throwing arrows at it. Suddenly 17 times more join. How many pygmies are attacking the alligator?

51 → Nazis  
14 → Pyramid  
21 → Pygmies

Alligator

Oops!

You find this cave and decide to go in it. You find a skeleton laying on the ground. Right beside it is a money bag. You open it up and find \$58.87. You add this to your \$75.95. How much money do you have now?

\$234.83 → mountains  
\$134.82 → Tunnel  
\$348.83 → Plane

Cave

# VERY Good!

If you got, none of the questions wrong, you win! If you got 5 or more of the questions wrong go back to office. If you got 5 or less questions wrong go back to South America.

→ Office  
→ South America

Lost  
Jewels

oops!  
∩

You have  $\frac{1}{3}$  of an apple. You suddenly come to some mountains. You are really hungry and need another  $\frac{1}{2}$  of an apple. Suddenly you find a gold coin. Suddenly you find another  $\frac{1}{2}$  of an apple in your pocket. How much of an apple do you have now?

The gold coin remains a mystery!

$\frac{1}{4}$  → North India  
 $\frac{2}{4}$  → Ninja  
1 → Lost Jewels

mountains

good!

You are walking along when suddenly you come upon some hills. You climb over the hills and see a Nazi camp! You can sneak past them if you give one Nazi \$4.00 and another Nazi \$0.40. How would it show on your calculator.

4.4 → Tunnel  
0.0 → cave  
0.8 → Plane

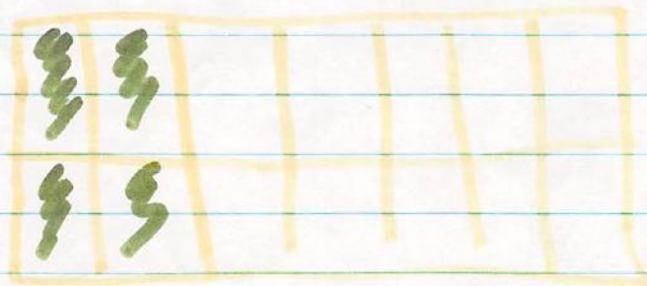

Nazis

Oops!

You walk into this strange temple. Suddenly a ninja attacks you! You find his treasure room. You find solid gold blocks laying on the ground as shown below, but some are missing.

How much is left?

1 → South Africa  
4/14 → mountains  
10/14 → Lost jewels

Ninja

Oops!

India is a very hot country.  
You have 20 weapons with you.  
A nice man gives you 20 more  
weapons. How many weapons do you  
have now?

Wrong  
place to  
Look!

4 → South Africa  
0 → Swamp  
40 → South America

North  
India

Oops!

You are walking in a jungle when suddenly you find one money bag, one containing \$100.99. After finding your money you see a plane. Inside that plane you find another money bag containing \$550.95. How much money did you find?

\$450.04 → Ninja  
\$650.94 → Tunnel  
\$550.94 → Cave

Plane

# Pygmies

321 → Plane  
320 → Nazis  
32 → Pygmies

You find a nearby pygmy village, suddenly, 8 pygmies try to attack you but you thought they were nice. Suddenly 40 times more pygmies aim the arrows at your head. How many pygmies are going to attack you?

Oops!

Oops!

You walk into the pyramid and suddenly 4 mummies start attacking you. 2 times more attack you. How many mummies are attacking you?

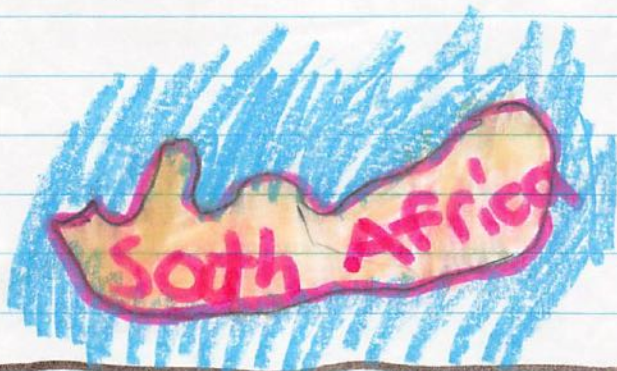

2 → Cave  
8 → Nazis  
6 → Pygmies

Pyramid

oops!  
n

You have asked 700 people about the lost jewels. No luck so far. You are going to ask 4500 people tomorrow. How many people would you have asked?

Wrong  
Place to  
Look!

5200 → South America  
3400 → Village  
3800 → North India

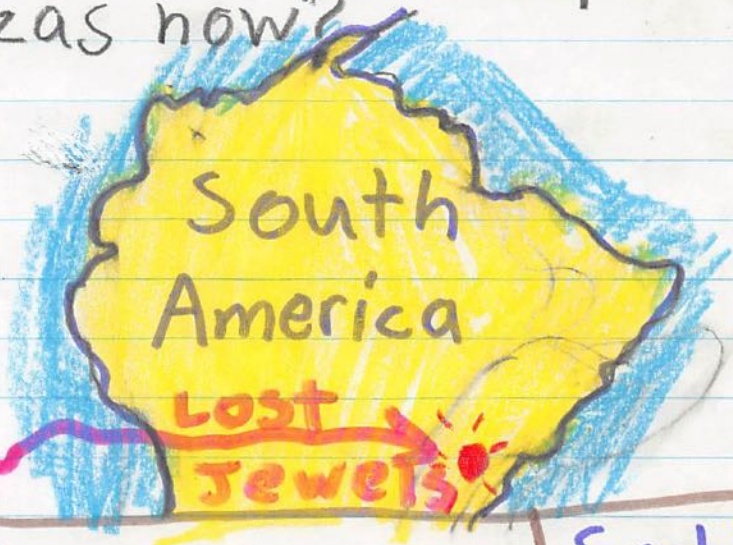

South  
Africa

good!

The trip on your plane to get here took you five weeks. You have 70 pizzas on board. You ate 50 of them on your trip. How many pizzas now?

You're on the right track

20 → Alligator  
2 → Swamp  
1200 → village

South America

Oops!  
)

You have 40 litres of gas in your plane. You have already used up 20 litres. How many litres do you have now?

good!

You find a cave. You go inside and find a tunnel. You go down the tunnel and find  $\frac{1}{3}$  of a necklace. You are close to the last jewels. Suddenly you find  $\frac{1}{5}$  of the same necklace. How much of the necklace do you have?

$\frac{2}{3}$  → Lost Jewels  
 $\frac{1}{3}$  → mountains  
 $\frac{2}{3}$  → Ninja

Tunnel

oops!  
∩

You need something to drink. So you meet this old man and he shows you 4500 jugs of water. You drink 700 small jugs of water. How many jugs does the old man have now?

3800 → Alligator  
38000 → Pygmies  
5200 → Swamp

Village
